Re: Tavriski Christian Institute - Approval of ECTE Initial Review of the institution and programme

Dear Valentyn and Team!

Thank you for your application to ECTE for your initial review of the institution and its programme following transfer of accreditation from EAAA.

The ECTE Visiting Evaluation Team (VET) will review your institution and the programmes you submitted for re-accreditation based on the current [Standards and Guidelines](#).

The following programme will be reviewed:

EQF/ISCED Level	QF-EHEA Cycle	ECTS-Points	Name in the language of delivery as advertised	ICETE-level	Delivery mode
Level 6	First Cycle	240	Бакалавр богослов'я (Bachelor of Theology)	Bachelor	residential

In your application for this review the number of ECTS given for the programme states 32. Please confirm that the programme consists of 240 ECTS. Thank you.

As a next step, the ECTE Review Secretaries will work on nominating the Visiting Evaluation Team (VET) for a visit within the time frames you requested. The VET then needs to be approved by the ECTE Accreditation Commission and you will be informed afterwards of

- dates and the mode for the on-site visit (this may include some meetings conducted via videoconferencing).
- name and contact information of the Review Secretary who will be your main contact person throughout the process.
- name and contact information of the team leader who will be in touch with you nearer the date of the visit, coordinate the visit and provide further detailed information.
- the nominated team-members. You have the right to appeal to any VET-member based on a possible conflict of interest from your perspective.

All ECTE invoices issued to date have been paid in full – thank you!

The production of the Self Evaluation Report is herewith authorized.

Templates for Self-Evaluation Reports can be found in section 2 of the [Guidelines for Producing Self-evaluation Reports](#). Note that you do not need to respond to Standards A7 and B6.

Your SER with all supporting documents hyperlinked (not attached) in the report must be submitted no later than two months prior to the site visit.

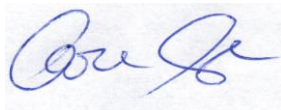

Please also note that we offer pre-submission checks of SERs - with the intent to help you submit the best possible SER by providing feedback on – for example - potentially missing information and/or documentation before the Report is officially submitted in its final form. Please do make use of this service provided by your Review Secretary. You will receive more information on this in due time.

The following documents will guide your preparations and SER-compilation along with other [supplemental guidelines](#) on various topics found on our website

- [Guidelines for Site Visits and VETs](#)
- [Criteria and Procedures](#)
- [Guidelines for Programme Design and Using ECTS](#)

Please do not hesitate to contact me as questions arise.

Serving Him with you

Carmen Crouse
Accreditation Director
